BE SURE TO READ THE LORAX BY DR. SEUSS!

It's MUCH more than a children's book!!! It's a GREAT LESSON for all ages!

The Lorax appears and speaks for the trees, since they have no voice of their own. The Lorax warns of the dangers of raping the land for the Truffula Trees, but the One is so greedy, he pays him no heed. As you can guess, the land soon dies, and all that is left is destruction and pollution. The Lorax sadly flies off, never to be seen there again. But, as it should be, the story ends with hope. He entrusts to you a seed, the very last seed, to start again for the Truffula Trees.
